

The heart of a smarter home.

CÔR® THERMOSTATS

GET CONNECTED, GET COMFORT, GET SAVINGS.

CÔR® 7C, CÔR® 7, CÔR® 5C, CÔR® 5

THE HEART OF A SMARTER HOME, DESIGNED FOR YOU

Côr® thermostats take your comfort to heart with smart, next-level performance. Our evolving line of options include non-Wi-Fi® and smart, Wi-Fi capable thermostats that learn how to efficiently manage your comfort and teach you how to optimize your savings. In addition, these attractive thermostats are both stylish and versatile. You can be confident there's an option designed to fit your family's needs.

CONNECTED THERMOSTATS THAT DON'T JUST LEARN. THEY TEACH.

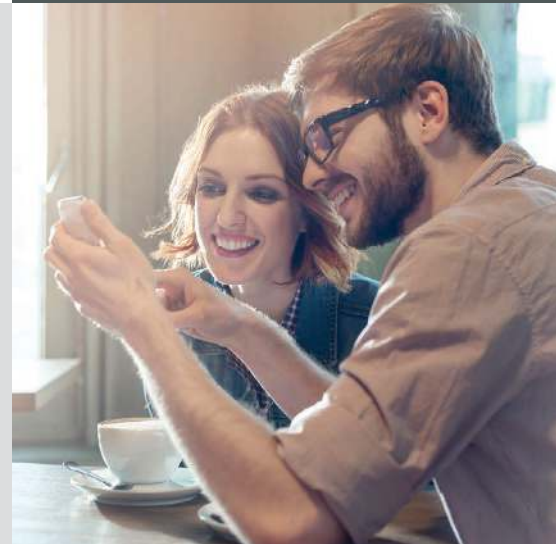

Côr C Series Wi-Fi thermostats keep you connected and in control. Our mobile app lets you comfortably create and edit your schedules, review energy usage reports and change your home temperature from anywhere. It can provide instant feedback on estimated energy savings, teaching you how to better balance comfort and savings.

Côr® 7C

COMFORT AND SMARTS GO HAND-IN-HAND.

Côr thermostats include simple, guided scheduling that makes programming easy. They smartly manage heating and cooling with features like Smart Setback, which learns how to provide comfort when you're home and savings while you are away. And, they can add to your comfort with automatic humidity control.

SAVINGS YOU CAN SEE.

When it comes to savings, Côr thermostats really deliver. Our OptiSave™ feature helps teach the smartest use of energy for your home, then our monthly reporting can show you the results. Because heating and cooling can consume nearly half of a home's energy budget, you'll really appreciate how a Côr thermostat can save an average of 20% on your heating and cooling energy costs.*

* Based on a 2012 third-party study comparing Côr technology to the estimated cost of a non-programmable thermostat set at 72° F at all times.

Côr® 5C

Côr® thermostats offer a range of features to keep you connected, comfortable and in control of your savings. Whether you want to take command of your system or you want your system to take control, there's a feature-packed Côr thermostat that's right for you and your home.

**MORE FEATURES.
MORE OPTIONS.
MORE CÔR.**

Wi-Fi® Remote Access

Côr C Series Wi-Fi thermostats put comfort control in the palm of your hands. Just a few taps is all it takes to monitor and adjust your system from anywhere.

Available on Côr® 7C, 5C

OptiSave™ Feature

Set your schedule and see how a temperature setpoint can affect estimated savings. Monthly energy reports track actual usage and provide comparisons to prior months. And, customized tips show you smarter approaches to energy savings.

Available on Côr® 7C, 5C

Smart Setback Feature

This feature adapts beyond manual control, setting your system for peak efficiency and savings while you are away. It also detects outside conditions and calculates the time needed to reach ideal comfort levels by the time you return.

Touch•N•Go® Feature

Set your system for savings quickly and easily without changing your programmed settings.

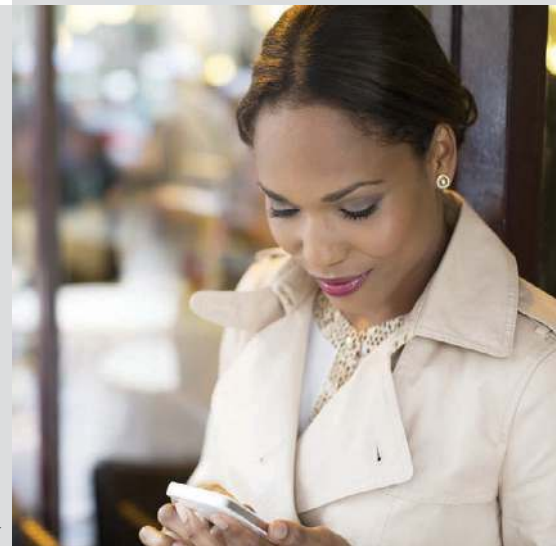

Available on Côr® 7C, 7, 5C*
* with 5C mobile app

Humidity Control

True comfort goes beyond temperature control. Côr thermostats can help reduce or replenish moisture in the air to achieve heightened comfort levels.

Available on Côr® 7C, 7

KEEP CONNECTED FOR PEAK PERFORMANCE.

When you choose a Côr C Series Wi-Fi thermostat, you are making the choice to get connected, get comfortable and get savings. And, to ensure continued performance for years to come, your Côr thermostat offers the ability to be connected to your Côr dealer. Your Côr dealer can perform remote diagnosis and equipment monitoring to potentially eliminate costly, inconvenient home visits.

LIMITED WARRANTY

To the original owner, the Côr thermostats are covered by a five-year parts limited warranty upon timely registration. The limited warranty period is three years if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will receive the registered limited warranty period.

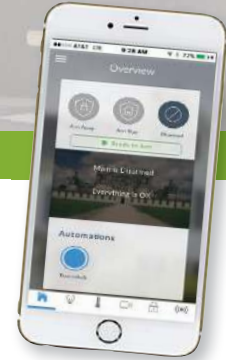

See warranty certificate at mycorhome.com for complete details and restrictions.

THE CHOICE IS YOURS.

Côr® thermostats are immediately recognizable with their design aesthetics and ease-of-use. This growing family of comfort controls puts efficiency, simplicity and expertise at your fingertips. Beyond the family resemblance, each model offers a unique set of features to fit a variety of needs and budgets.

READY FOR A SMARTER, MORE CONNECTED HOME?

Keeping connected helps make your life more convenient and more comfortable, especially at home. When you include a Côr thermostat as part of a complete Côr™ Home Automation system, you can remotely access your heating and cooling, lighting, home security and more with just the tap of a touchscreen. Your local Côr dealer can walk you through the options and help create a system designed for you.

*Requires two-wire relay module
